James F. Clark Dead

James F. Clark, an inmate of the Old Masons' home at Shelbyville, died there Sunday night after a brief illness. The remains were brought Tuesday to the home of Sam Carr, this city, and were taken in the afternoon to Vaughn's Mill and laid to rest in the beautiful cemetery at the Christian church. Mr. Clark is a native of Powell county, and was 86 years old. He is survived by three grandchildren; is a brother to G. W. Clark, of Vaughn's Mill, and Dan Clark, of Rockcastle county, who were present at the burial. He also has two brothers in Missouri, Dave and Dock Clark. The funeral was preached by Rev. L. F. Mann, of this city.

Mr. Clark was a former merchant of Clay City and had many friends here who are sorrowful at his passing as was attested by the large crowd present at the burial which was conducted by the Masonic fraternity which or- der had claimed him as a member for more than fifty years.

New School Teachers

The Town Board of Trustees at a special meeting held for the purpose, elected the two remaining teachers for our school Saturday night. They are Misses Gladys Taulbee and Allene Carroll, both of Campton. These teachers both come well recommended and we are looking forward to a successful school.

Sale Put Off

The public sale of the Day holdings to have taken place in this city today, has been put off one week to admit the proper lapse of time after being adver-tised. This sale will take place as advertised in this issue.

Dog Days

Dog days began Tuesday. From this date forty days the boys cannot go swimming, all poisonous snakes go blind, and weeds and bushes are easy to kill, especially when the sun shines hot as it has for the last few days.

Another Street Light

One more street light has been placed on Sixth Ave. near Sam Carr's residence. Many more are badly needed over town.

Tanac overcomes rheumatism by toning up and invigorating the vital organs, thereby enabling them to eliminate poisons from the system. C. Shimfessel.

Fence Bargain

Through mistake a fence concern has shipped us 320 rods of fence. Rather than return this fence to the factory and pay more freight, we will sell it to farmers at only 45 cents per rod. This fence is 47 inches high; the top and bottom wires are No. 9, and the intermediate and stay wires are No. 12. This makes a good heavy fence, worth much more money than we ask for it.

The Strike

The continuing strike affects Clay City but little so far. All trains are running on time and the mail is promptly delivered. Other places are not so fortunate however. The Times does not know which is wrong, but is inclined to believe both are radically wrong. The railroads make more money than anybody and their employees are paid better than other labor.

Baptists Looking After Clay City

Mr. John W. Swope, Pastor Taylor and Dr. Nevins, all of Winchester, and Boone's Creek Baptist Association, were in Clay City yesterday to investigate the advisability of the Baptists holding a revival meeting in this city some time in August. These gentlemen found much encouragement and the meeting will most likely be held, after the report of this committee is had and acted upon by the local Board of Missions.

Automobiles on The Go

The warm weather and better roads have brought out many cars that were idle earlier in the season. The garage business is also improved greatly. All mechanics are kept busy keeping the cars on the move. The Clay City Garage has sold two new Overlands, but delivery has been temporarily held up on account of the strike.

To Preach at Hardwick's Creek

Rev. L. F. Mann announces that he will preach at the Hardwick's Creek Christian Church next Sunday morning at 10 a. m. Those coming to Sunday School will please be on hand one hour earlier, at 9 o'clock.

Three New Fords

Joe Mountz, local dealer, reports the following recent deliveries: To Mr. L. B. Rose of this city, a sedan; to Mr. Jas. Swope, of Clark county, a touring car, and to Victor Stephens, of Stanton, a touring car.

New Pressing and Cleaning Shop

Raymond Knight has opened a cleaning and pressing shop in the M. Rose building. He proposes to do only first class work at reasonable prices.

Ships Carload of Lambs

Shelt McKinney received and shipped a car of lambs to Jersey City last week for which he paid 10 cents per pound.

Moves Back to Lee

Charlie Barrett moved back to Lee county last week after a few months residence near the city.

R. W. Garrett Sells Cattle

R. W. Garrett and Son sold and delivered Tuesday fifty head of cattle averaging 1100 pounds at 6½ cents to Floyd Clay and Tilfred Bowen, of Clark county.

Big Fish Catch

H. B. Walters and R. W. Thomas went fishing Monday with trot line. Now gentle reader, you may think this a very insignificant statement, but they caught 44 pounds of fish, the largest one being a catfish which weighed 26 pounds. The others were small fish, weighing three and four pounds each. Everybody is wanting to know the exact spot where this large catch was made. But what is the use, nobody can fish like these gentlemen.

Mad Dogs Killed

Several mad dogs have been killed in and near Clay City this week. Such an epidemic of rabies with dogs was never before known. The wholesale slaughter of all the canines not muzzled is the only remedy. Any dog acting out of the way should be promptly killed. So much hot weather is always conducive to the spread of the mad dog rage.

Born and Died

Born, July 13, to Mr. and Mrs. C. S. Drake, a daughter. The little infant died at two days old of yellow janders and was buried at the Clay City cemetery Sunday the 16th.

History of Wm. Rice

(Slade News)

William Rice died at his home at Nada at 10 a. m. Tuesday, July 19th, after fasting 68 days, having begun to fast May 13th, and refused all food to the end, saying he had been demanded to purify his body for death. Was blind several days before he died, said he had had an awful struggle, that Satan tempted him every moment of the time. People tried to persuade him to eat and live, but he would reply that if he should eat, he would die and his soul would be lost. He prayed for the end to come, saying he was ready and anxious to go to the Saviour.

William Rice was born in Jessamine county, June 10th, 1872, but was brought to Powell county in his infancy and remained here. He was twice married, first to Rose Ann Wasson, who died several years ago, and he married in 1905 to Nancy Muller's Huff, who survives him and so tenderly cared for and shares his belief. He is survived by two children, Reuben Rice, of Lansing, Tenn., and Mrs. Minnie Huff of Nada, and three stepchildren, Benny Huff and Mrs. John McGowan, of Nada, and Mrs. Sidney Townsend, of Pilot. All were present at the funeral which was short, a prayer and few songs at the grave. He was buried Wednesday at 2 p. m. in the little graveyard at Nada. William Rice was baptized several years ago by a man named Howard, but his religious views were different to any church or denomination in this country. He wore long hair and beard. Said there were other people of his belief and that he

Quite a number from here have been attending the revival at Rosslyn, where they are having large crowds, good preaching and a fine meeting. We understand the services will hold until Sunday, July 30th, if not longer. Do not miss them.

The good roads movement is still flourishing around Stanton. There is a strictly volunteer movement to build a gravel road from the river bridge that crosses enroute to Morris Creek and North Bend to Stanton that is progressing fine. We hope that other parts of the county will catch the spirit and let's build roads.

Automobiles vs. Church and Sunday School

There are at the present time many vehicles which are propelled by motor power, and much of this power used is altogether for pleasure, not for profit. It is very fortunate indeed for those who own motor cars to possess something that is very useful, being used in the right way and at the right time.

But we all realize that not very many cars are used in Powell county for the uplifting of the human family in a social or spiritual sense, counting the number that are owned by the various families. We serve our Creator by serving others, and in what better way could a person serve than to gather up a car-load of children each Sunday, driving to some Sunday School? Or if there be no Sunday School, to some church meeting?

Instead of doing for others what you would like done unto you, if you had to change places with them, most people do the very opposite. All who happen to read this editorial will just stop and think a moment, will in all probability on next Sabbath morning, instead of loading your family and others up for an all day pleasure trip, think of a nearby Sunday School or church meeting, where you will hear something that will last. Life is very short at the longest and physical pleasures will not last, but if we grasp the spiritual side of life, then we have something that is everlasting, going on into eternity, where the soul dieth not.

Those who have observed the motor car since its introduction know that it has crippled to a great extent the church and Sunday Schools. What can remedy this? Not but one thing, that is for the head of the family to say, "Let's go over to the house of the Lord today, and take our pleasure trip the coming week. Try this plan just once and see if you don't feel better when the dawn of the Sabbath evening comes.

Dear folks, this writing is not meant for any single individual or family, our purpose being merely to stimulate your actions toward God instead of the world.

If our way of thinking and observations are wrong please sheweth us, we will submit. We leave it with you, take your choice. E. F. H.

Proof of the pudding is in the eating thereof. Thousands praise Tanlac. So will you, C. Shimfessel.

To kill Stray Dogs

County Judge H. T. Derickson has received the following communication from the State Board of Health which requires officers to destroy all dogs running at large unmuzzled. He asks that the notice be given wide publicity and the instructions complied with:

"Dear Sir:

"Acting upon the authority conferred upon it by law, the State Board of Health calls your attention to a widespread epidemic of rabies in dogs in the State. From counties in almost every section of the State men, women and children have been bitten by mad dogs and large live stock has been similarly infected and destroyed.

"In order to prevent a widespread epidemic of this very dangerous disease, this Board requests you to immediately issue such instructions to your subordinates as will cause them to destroy, as painlessly as possible, all stray dogs found running at large in any part of your jurisdiction. There are now more than sixty individuals taking the treatment for bites from rabid animals at the office of this Board in Louisville, and more than twice as many other persons are being treated by their physicians at home. This is a wholly unnecessary expense and burden to our people and prompt action in ridding every section of the State of stray dogs will immediately reduce the danger.

"All dogs should be considered stray dogs which are at large unmuzzled for the next sixty days after publication of this notice in local papers.

"Given under our hands and the seal of the Board at Louisville this July 14, 1922.

L. L. McMurtry, President.
A. T. McCormack, Secretary."

William Rice was a hard working honest man. He began preaching a few years ago, said God demanded him to go to a person or place only one time, and he would usually preach during the summer months. He often laid out, said the people were afraid of him. He would weep like a child, saying his heart was burdened because the people could not understand. He received many letters and messages from different persons and places. One from Miss E. J. Baytop, of Philadelphia, encouraging him, saying the people would some day understand him. Said God called her at the age of seven years and that now she was 20 years old and a lecturer and a Bible teacher, and God did many wonderful things through her and she too fasts.

IS YOUR HEALTH GRADUALLY SLIPPING?

Interesting Experience of a Texas Lady Who Declares That if More Women Knew About Cardui They Would Be Spared Much Sickness and Worry.

Navasota, Texas.—Mrs. W. M. Peden, of this place, relates the following interesting account of how she recovered her strength, having realized that she was actually losing her health:

"Health is the greatest thing in the world, and when you feel that gradually slipping away from you, you certainly sit up and take notice. That is what I did some time ago when I found myself in a very nervous, run-down condition of health. I was so tired and felt so lifeless I could hardly go at all."

"I was just no account for work. I would get a bucket of water and would feel so weak I would have to set it down before I felt like I could lift it to the shelf. In this condition, of course, to do even my housework was a task almost impossible to accomplish."

"I was . . . nervous and easily upset.

I couldn't rest well at night and was . . . just lifeless."

"I heard of Cardui and after reading I decided I had some female trouble that was pulling me down. I sent for Cardui and began it . . ."

"In a very short while after I began the Cardui Home Treatment I saw an improvement and it wasn't long until I was all right—good appetite, splendid rest, and much stronger so that I easily did my house work."

"Later I took a bottle of Cardui as a tonic. I can recommend Cardui and gladly do so, for if more women knew, it would save a great deal of worry and sickness."

The enthusiastic praise of thousands of other women who have found Cardui helpful should convince you that it is worth trying. All druggists sell it.
